OK - I added some comments - just wanted to emphasize the emission reduction piece.

There should only be one file on the Regulatory Documents sub site. If you don't see the options to go to the subsites when you click on the link provided, click on the orange box that says UO and you should get to the old view that you are used to with the subsites listed on the left hand side.

Thanks,

Claudia

We need a quick turnaround on the review of some new language on pages 18 and 19 of the notice of proposed rulemaking. If you can review by tomorrow morning, before we meet with Janet McCabe at 1:00 pm Eastern Time, that would be ideal and very much appreciated, but we certainly need review by early next week.

If this link does not get you to the document, click on the orange box with 'UO' inside and then navigate to Regulatory Documents on the left hand side.
